Because this Supplemental Information Disclosure Statement is filed after the receipt of a First Office Action on the Merits for the above-captioned application, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 02-1818.

In accordance with the duty of disclosure imposed by 37 C.F.R. §1.56 to inform the Patent Office of all information known by Applicant or Applicant's representative that may be material to the examination of the subject application, Applicant's representative hereby provides this Supplemental Information Disclosure Statement that is prepared in accordance with 37 C.F.R. §§1.97-1.98. Forms PTO-1449 (3 pages) and copies of the cited non U.S. Patent documents not marked with a double asterisk **, in the "Examiner Initial" column are provided herewith in connection with the above-captioned application. In accordance with 37 C.F.R. §1.98 (d), copies of the documents listed on the Form PTO-1449, marked with the double asterisk, are not provided herewith as they have been previously provided in the instant application in Information Disclosure Statements, supplied with Forms PTO-1449, filed September 14, 2005, November 22, 2005, and February 27, 2007.

these foreign patent documents are from the "World Intellectual Property Organization" by listing "WIPO" as the country and including the code "WO" in the document number.

In the Office Action dated November 15, 2007, the Examiner also alleges that the Information Disclosure Statement filed on February 27, 2007 is not in compliance with the requirement to provide page numbers and to submit information on the proper PTO-1449 form. Applicant is not aware of a requirement to use form PTO-1449 when filing an IDS. In accordance with the duty of disclosure imposed by 37 C.F.R. §1.56 to inform the Patent Office of all information known by Applicant or Applicant's representative that may be material to the examination of the subject application, this Supplemental Information Disclosure Statement (sIDS) includes a table listing Office Actions cited and claims pending in related and corresponding U.S. and foreign Patent Applications (Documents 1-11). The sIDS includes the application number of the application in which the sIDS is being submitted, a column that provides a blank space next to each citation for the Examiner's initials, a heading on the listing that clearly indicates the list is an Information Disclosure Statement, and copies of Documents 1-11. Therefore, this sIDS is in compliance with 37 CFR §§ 1.97, 1.98 and MPEP § 609 and Applicant respectfully requests that Examiner consider and initial all information listed in the table below.

The documents cited on the Forms PTO-1449 and in the Table below are in the English language, with the exception of items noted below.
